

Amber Strobe Roof Mounted

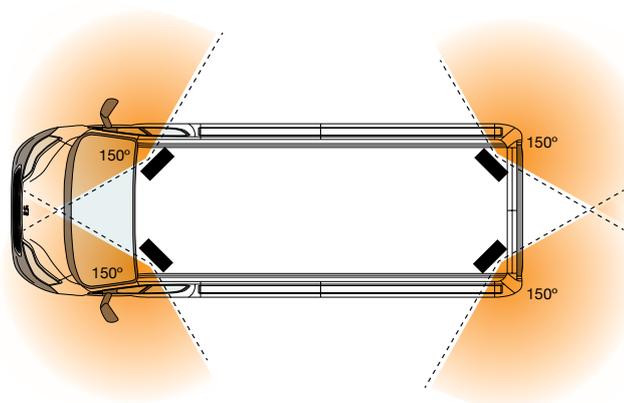

Roof mounted strobes offer an easy fit alternative to full lightbars where 360° warning is required and vehicle roof racking or kit such as ladders may obscure warning lights from traditional lamps.

Being low profile they remain close to the vehicle. They are ECE Reg. 10 approved and fully comply with ECE Reg. 65.

RING Automotive recommends that 4 units shall be mounted to each vehicle and these should be synchronised as per fitting instructions.

The warning lamps are to be positioned on each corner of the vehicle using the bracket included or other appropriate fixings.

ECE Reg. 65 For vehicle compliance needs to be visible from 25m

Product Code	RCV2217
Fixing	Bracket or surface mount
Operating voltage	10-30V DC
Maximum wattage	18W
Maximum current draw	1.5A @ 12V, 0.75A @ 24V
Weight	Lamp 196g, Bracket 70g
Certification	ECE R65, ECE R10
Number of LEDs	6 x 3W
Flash patterns	10
Water proof	IP67
Housing and lens	Polycarbonate
Operating temperature	-40°C to 65°C
Cable length	30cm
Barcode	5055175246468
