

Inspect with confidence

LEDinspect® Inspection
Light and Torch Range

Be road ready

100 YEARS
OSRAM
AUTOMOTIVE

High power:

High power lights utilize the latest technology to provide a brighter, uniform wide angle light output compared with conventional LEDs. This allows a larger area of the engine bay to be illuminated.

Inspection Lights

Ring inspection lights are now OSRAM LEDinspect® in the UK. Same trusted quality; now under a global brand with 100 years of lighting excellence.

The name Ring, has long been synonymous with inspection lights in professional workshops.

From now on, all Ring inspection lights in the UK will be branded OSRAM LEDinspect®. This is a natural transition, as OSRAM, the parent company of Ring, brings over 100 years of expertise in automotive lighting.

OSRAM has set the standards for quality and innovation, trusted by professionals worldwide. The OSRAM brand offers mechanics the assurance of a century of engineering excellence, global recognition, and a name renowned for innovation. To help understand the change, please use the cross reference chart.

LEDinspect® TWIST 450

LEDIL412C

A lightweight and robust light with three output levels and twist function for full control over the direction of the light beam.

Features

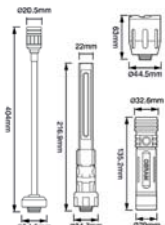

- Brightness: up to 450 lm (high), 250 lm (low), 190 lm (torch)
- Cool-white colour (up to 6000 K)
- Multi-angle positioning: 180° flex and 360° twist
- Magnetic base, back and hanging hook
- Dust, water and shock resistant
- Protection classes: IP65, IK07

Benefits

- Charging plug and cable included
- Battery life: up to 5 h on low, 2.5 h on high
- 2-year guarantee¹

LEDinspect® 3-in-1 INSPECTION LIGHT KIT

LEDIL417

Multi-functional inspection light kit with innovative and adaptable lighting solutions for flexibility and performance.

Features

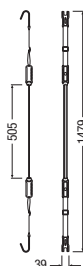

- 4 lighting modes for each attachment high, mid, low, flash functions
- Torch lumen on high – 500 lm
- Inspection lumen on high – 450 lm
- Gooseneck lumen on high – 160 lm
- Inspection Lamp has two hinge positions, which rotate 180° and 230° respectively
- Gooseneck attachment can be adjusted from spot to flood light
- Compact carry case and USB-C cable included

Benefits

- Magnetic handle base allows for hands free use, Gooseneck perfect for retrieving screws or small objects in hard-to-reach places
- The rotation feature on the flexible Inspection light allows for use in tight angled spaces
- A spotlight gives a narrow powerful beam for more distant areas, with the flood light emitting a wider beam
- Efficient charge time
- 2-year guarantee¹

LEDinspect® FLEXIBLE INSPECTION LIGHT

LEDIL416

A versatile inspection light, directing the light where needed. The light strip is fully flexible, allowing the light to bend around the workspace.

Features

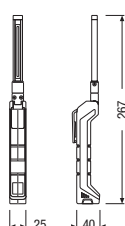

- Brightness: up to 1000 lm (high), 400 lm (low) plus a red light option
- Multi-angle positioning: 160° twist
- Removable elasticated straps with hooks – extendable length up to 2.1m
- Magnets offer more fixing options
- Dust, water, and shock resistant
- Protection class: IK07

Benefits

- USB-C cable included
- Battery life: up to 20 h on low, 6.5 h on medium, 3 h high
- Flexible design
- 2-year guarantee¹

LEDinspect® POCKET 200

LEDIL408

A slim and lightweight rechargeable light with foldable design for working in confined and hard-to-reach spaces.

Features

- Brightness: up to 200 lm (high), 100 lm (low), 50 lm (torch)
- Cool-white colour (up to 6500 K)
- Multi-angle positioning: 180° flex and 360° twist
- Magnetic base
- Dust, water, and shock resistant
- Protection classes: IP20, IK07

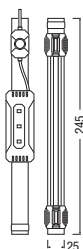

Benefits

- USB-C charging and charge status indicator
- Battery life: up to 3 h on low, 1.5 h on high
- 2-year guarantee¹

¹ For precise conditions please refer to www.osram.com/am-guarantee.

LEDinspect® FLEXIBLE HEAD TORCH

LEDIL414

A head light with two light levels, flashing red rear LED warning light for safety and flexible, foldable design for easy storage and transport.

Features

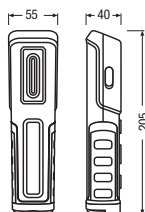

- Brightness: up to 115 lm (high), 50 lm (low) and flashing
- Cool-white colour (up to 6000 K)
- Flexible and foldable
- Rear red warning light
- Dust, water, and shock resistant
- Protection classes: IP42, IK07

Benefits

- USB Micro B charging
- Battery life: up to 5.5 h on low, 4.5 h on high
- 2-year guarantee¹

LEDinspect® WIRE-FREE PRO 600

LEDIL421

A bright inspection light with the possibility to simplify recharging via a magnetic charging pad.

Features

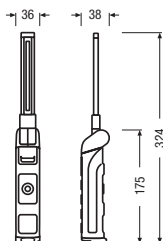

- Brightness: up to 600 lm (high), 100 lm (torch)
- Cool-white colour (up to 5700 K)
- Multi-angle positioning: 180° flex
- Magnetic base, back and hanging hook
- Dust, water, and shock resistant
- Protection classes: IP65, IK08

Benefits

- Battery charge status indicator, USB-C cable included
- Battery life: up to 10 h on torch, 3 h on high, 2 h charging time
- Magnetic "Wire-Free" charging via charging pad
- 2-year guarantee¹

LEDinspect® WIRE-FREE SLIM 600

LEDIL422

A bright inspection light with the possibility to simplify recharging via a magnetic charging pad.

Features

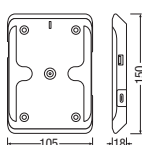

- Brightness: up to 600 lm (high), 100 lm (torch)
- Cool-white colour (up to 5700 K)
- Multi-angle positioning: 180° flex and 270° twist
- Magnetic base, back and hanging hook
- Dust, water, and shock resistant
- Protection classes: IP65, IK08

Benefits

- Battery charge status indicator, USB-C cable included
- Battery life: up to 10 h on torch, 3 h on high, 2 h charging time
- Magnetic "Wire-Free" charging via charging pad
- 2-year guarantee¹

LEDinspect® SINGLE CHARGING PAD

LEDIL423

A magnetic charging pad with one charge point to effortlessly charge one individual inspection light.

Features

- Wire-Free charging capability
- "Daisy Chain" function
- Different mounting options
- Powerful magnets
- One charging point to charge one product on a single base

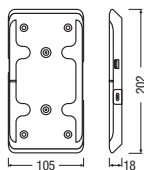

Benefits

- Positive direct wire-free connection for charging
- Can link to another pad (single or duo) to charge more lights
- Can attach to a wall or metal surface
- Can easily support inspection light on metal surface
- 2-year guarantee¹

¹ For precise conditions please refer to www.osram.com/am-guarantee.

LEDinspect® DUAL CHARGING PAD

LEDIL424

A magnetic charging pad with two charge points to effortlessly charge two individual inspection lights.

Features

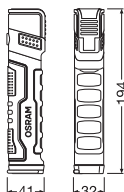

- Wire-Free charging capability
- "Daisy Chain" function
- Different mounting options
- Powerful magnets
- Two charging points to charge two products on a single base

Benefits

- Positive direct wire-free connection for charging
- Can link to another pad (single or duo) to charge more lights
- Can attach to a wall or metal surface
- Can easily support inspection light on metal surface
- 2-year guarantee¹

LEDinspect® TELESCOPIC 270

LEDIL419

Rechargeable inspection light with torch, that offers broad illumination simply by extending the light.

Features

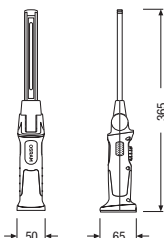

- Brightness: 270 lm
- Cool-white colour (up to 6500 K)
- Telescopic design with switchable modes for broad illumination or a focused 65 lm torch beam
- Flexible and extendable
- Magnetic base and rotatable hook

Benefits

- USB-C Charging
- Battery life: up to 3 h on high
- Hands-free operation perfect for automotive and workshop tasks
- 2-year guarantee¹

LEDinspect® SLIM MAX 1000

LEDIL410

This versatile, rechargeable work light with an integrated dimmer allows you to adjust the brightness level to your liking.

Features

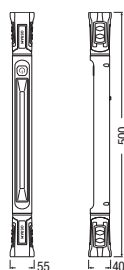

- Brightness: up to 1000 lm (high), 100 lm (low), 150 lm (torch)
- Cool-white colour (up to 6000 K)
- Multi-angle positioning: 120° flexibility
- Magnetic base, back and hanging hook
- Dust, water, and shock resistant
- Protection classes: IP65, IK06

Benefits

- USB-C charging and charge status indicator
- Battery life: up to 10.5 h on low, 1.5 h on high
- 2-year guarantee¹

LEDinspect® UTILITY 1000

LEDIL407

A multi-functional inspection light with varying output levels suitable for handheld, flood light, or underbonnet applications.

Features

- Brightness: up to 1000 lm (high), 400 lm (low)
- Cool-white colour (up to 6500 K)
- Multi-angle positioning: 180° flex and 360° twist
- Magnetic base, back and hanging hook
- Dust, water, and shock resistant
- Protection classes: IP20, IK07

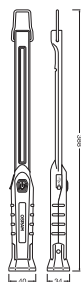

Benefits

- 2 x charging plugs and charge status indicator
- Battery life: up to 6 h on low, 2 h on high
- 2-year guarantee¹

¹ For precise conditions please refer to www.osram.com/am-guarantee.

LEDinspect® SLIM 250

LEDIL418

Rechargeable slim line inspection light with 180° flex positioning, built-in torch and magnet base and hook for hands free working.

Features

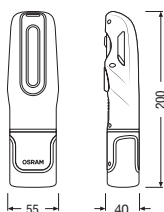

- Brightness: up to 125 lm (high), 20 lm (torch)
- Cool-white colour (up to 6500 K)
- Multi-angle positioning: 180° ratcheting mechanism and integrated hanging hook for precise light placement
- 2-in-1 torch function
- Rechargeable

Benefits

- USB-C charging
- Battery life: up to 5 h battery life on low. 3 h battery life on high
- 2-year guarantee¹

LEDinspect® MINI 250

LEDIL401

A rechargeable light with three settings (high, low, and torch) and a non-slip, dirt-repellent surface.

Features

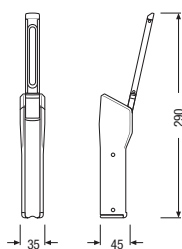

- Brightness: up to 250 lm (high), 130 lm (low), 70 lm (torch)
- Cool-white colour (up to 6000 K)
- Multi-angle positioning: 180° flex
- Magnetic base and hanging hook
- Dust, water, and shock resistant
- Protection classes: IP65, IK07

Benefits

- USB-C charging and charge status indicator
- Battery life: up to 6 h on low, 3 h on high
- 2-year guarantee¹

LEDinspect® SLIM 500

LEDIL403

An ultra-flat, rechargeable folding light with three settings (high, low, and torch) and a non-slip, dirt-repellent surface.

Features

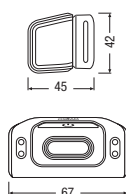

- Brightness: up to 500 lm (high), 250 lm (low), 70 lm (torch)
- Cool-white colour (up to 6000 K)
- Multi-angle positioning: 180° flex and 270° twist
- Magnetic base and hanging hook
- Dust, water, and shock resistant
- Protection classes: IP54, IK07

Benefits

- USB-C charging and charge status indicator
- Battery life: up to 6 h on low, 3.5 h on high
- 2-year guarantee¹

LEDinspect® HEAD TORCH 250

LEDIL404

A high-quality head light with two output levels, motion sensor, and adjustable strap with soft padding for optimal comfort.

Features

- Brightness: up to 250 lm (high), 140 lm (low)
- Cool-white colour (up to 5700 K)
- Multi-angle positioning: 60° flex
- Dust, water, and shock resistant
- Protection classes: IP54, IK07

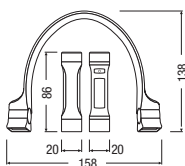

Benefits

- USB-C charging
- Battery life: up to 6 h on low, 3.5 h on high
- Integrated motion sensor technology
- 2-year guarantee¹

¹ For precise conditions please refer to www.osram.com/am-guarantee.

LEDinspect® WEARABLE NECK LIGHT

LEDIL413

A rechargeable neck light with two detachable torches, two light settings, and built-in magnet allows for convenient hands-free working.

Features

- Brightness: up to 265 lm (high), 130 lm (low)
- Multi-angle positioning: 90° flex
- Built-in magnet for off-person mounting
- Dust, water, and shock resistant
- Protection classes: IP54, IK07

Benefits

- 2 x USB Micro B charging ports
- Battery life: up to 4.5 h on low, 3 h on high
- Separately powered torches with power button on each
- 2-year guarantee¹

LEDinspect® PRO TORCH 500

LEDIL430

Rechargeable LED torch with four lighting modes - High, Mid, Low, and Flash – making it adaptable to various tasks and environments.

Features

- Brightness: up to 500 lm (high)
- 4 lighting modes: high, mid, low, flash
- Aluminium material with rubber grip on handle
- Protection class: IP44
- Battery life: up to 3 h on high, 4 h on mid, 12 h on low
- Rechargeable: 3-4 h charging time

Benefits

- Bright clear light
- Zoom function to direct the light and switch between flood and spotlight
- Beam distance 370 m
- Durable design, robust casing with ergonomic grip – good working time and charge time
- Rechargeable via USB-C
- 2-year guarantee¹

LEDinspect® PRO TORCH 800

LEDIL431

A powerful and durable rechargeable LED torch, with seamless adjustment between a wide flood beam and a focused spotlight.

Features

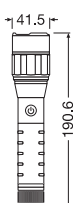

- Brightness: up to 800 lm (high)
- 5 lighting modes: high, mid, low, flash, eco
- Aluminium material with rubber grip on handle
- Protection class: IP44
- Battery life: up to 2.5 h on high, 5 h on mid, 8 h on low, 24 h on eco
- Rechargeable: 3-4 h charging time

Benefits

- Bright clear light
- Zoom function to direct the light and switch between flood and spotlight
- Beam distance 450 m
- Durable design, robust casing with ergonomic grip – good working time and charge time
- Rechargeable via USB-C
- 2-year guarantee¹

LEDinspect® PRO TORCH 1200

LEDIL432

Premium, high-performance rechargeable LED torch with a wide flood beam and a precision spotlight, ensuring optimal visibility for any task.

Features

- Brightness: up to 1200 lm (high)
- Uses high-powered LED technology
- 5 lighting modes: high, mid, low, flash, eco
- Aluminium material with rubber grip on handle
- Protection class: IP44
- Battery life: up to 4 h on high, 6 h on mid, 12 h on low, 48 h on eco
- Rechargeable: 5-6 h charging time

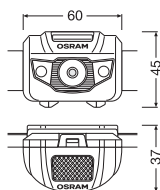

Benefits

- Bright clear light
- Zoom function to direct the light and switch between flood and spotlight
- Beam distance 680 m
- Durable design, robust casing with ergonomic grip – good working time and charge time
- Rechargeable via USB-C
- 2-year guarantee¹

¹ For precise conditions please refer to www.osram.com/am-guarantee.

LEDinspect® HEAD TORCH 87 ESSENTIAL

LEDIL433ESN

Features

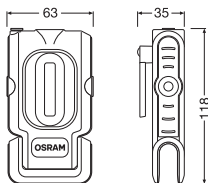

- Brightness: 87 lm
- Beam length up to 57 m
- Red LED with flashing mode
- Adjust through 45° to focus on an area

Benefits

- Powered by 3 x AAA batteries
- Battery life: up to 8 h
- 2-year guarantee¹

LEDinspect® MINI 140 ESSENTIAL

LEDIL435ESNCDU
(x12 pieces)

Features

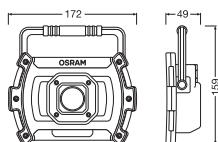

- Brightness: 140 lm
- 180° flexible base for multi positions
- Built-in torch mode provides a focused beam for detailed inspection
- Magnetic base for secure placement

Benefits

- USB-C charging
- Battery life: 2.5 h on high
- 2-year guarantee¹

LEDinspect® FLOODLIGHT 600 ESSENTIAL

LEDIL434ESN

Features

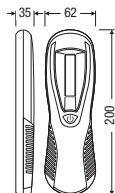

- Brightness: 600 lm (high) and 300 lm (low)
- Ratchet handle to use as a stand to angle light
- Compact and lightweight
- Integrated USB powerbank function

Benefits

- USB-C charging
- Battery life: 6.5 h on low
- 2-year guarantee¹

LEDinspect® TASK 180 ESSENTIAL

LEDIL426ESN-1HFB
LEDIL426ESN
(x12 pieces)

Features

- Brightness: up to 180 lm (high)
- Cool-white colour (up to 6500 K)
- 360-degree rotating hook and integrated magnet
- Protection classes: IP20

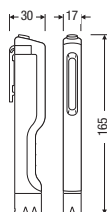

Benefits

- Powered by 3 x AA batteries
- Battery life: up to 5 h
- 2-year guarantee¹

¹ For precise conditions please refer to www.osram.com/am-guarantee.

LEDinspect® POCKET 110 ESSENTIAL

LEDIL425ESN-1HFB
LEDIL425ESN
(x12 pieces)

A practical inspection light, with a magnet and a swivel pocket clip for working hands-free.

Features

- Brightness: up to 110 lm (high)
- Cool-white colour (up to 6500 K)
- Swivel pocket clip and integrated magnet
- Protection classes: IP20

Benefits

- Powered by 3 x AAA batteries
- Battery life: up to 7 h
- 2-year guarantee¹

LEDinspect® TORCH 250 ESSENTIAL

LEDIL427ESN

A versatile and durable LED torch designed for convenience, the built-in pocket clip, keeps the torch securely within reach.

Features

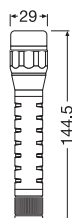

- Brightness: up to 250 lm (high)
- With zoom function
- 3 lighting modes: high, low, flash
- Pocket clip
- Aluminium material
- Protection class: IP44
- Battery life: up to 2 h on high, 6 h on low, 2x AAA batteries

Benefits

- Bright clear light
- Zoom function to direct the light and switch between flood and spotlight
- Compact and practical clip to attach to shirt or trouser pocket
- Robust casing
- Batteries included
- 2-year guarantee¹

LEDinspect® TORCH 350 ESSENTIAL

LEDIL428ESN

A reliable and high-performance LED torch, with three lighting modes – High, Low and Flash.

Features

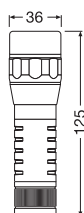

- Brightness: up to 350 lm (high)
- With zoom function
- 3 lighting modes: high, low, flash
- Aluminium material with rubber grip on handle
- Protection class: IP44
- Battery life: up to 2.5 h on high, 13 h on low, 2x AA batteries

Benefits

- Bright clear light
- Zoom function to direct the light and switch between flood and spotlight
- Robust casing with ergonomic grip
- Batteries included
- 2-year guarantee¹

LEDinspect® TORCH 450 ESSENTIAL

LEDIL429ESN

A compact yet powerful LED torch, crafted from lightweight aluminium with a rubber grip handle, for durability and a comfort.

Features

- Brightness: up to 450 lm (high)
- With zoom function
- 3 lighting modes: high, low, flash
- Aluminium material with rubber grip on handle
- Protection class: IP44
- Battery life: up to 2.5 h on high, 17 h on low, 3x AAA batteries

Benefits

- Bright clear light
- Zoom function to direct the light and switch between flood and spotlight
- Robust casing with ergonomic grip
- Batteries included
- 2-year guarantee¹

¹ For precise conditions please refer to www.osram.com/am-guarantee.
